VOLUME XXXIV

TOMBSTONE, COCHISE COUNTY, ARIZONA—SUNDAY, APRIL 27, 1913

NO 11

TO SUBMIT MATTER TO VOTERS

**Bonds for Arizona Improvements—
Fight on Express Co Taxes—
3-Cent Fare—County Seat**

GOVERNOR SIGNS MANY CODE BILLS

SENATE

House bill No 25 passed the senate 11 to 7. In its amended form this bill provides for the submission to the people of a constitutional amendment that will permit them to vote bonds for public works.

A lively fight was had over house bill No 3, for the taxation of express companies. Finally it was sent back to the finance committee for liberal amending.

In committee of the whole the senate read and approved house bill No 36, regulating the practice of pharmacy and sale of poisons, and senate bill No 61, the code bill relating to contracts for the construction of public buildings.

HOUSE

After striking off the emergency clause, the house passed the three-

cent fare bill, senate bill No 19, by a vote of 24 to 8.

A number of code bills were signed by Governor Hunt. Those from the house that received his signature are: No 10, principals and sureties; No 9, landmarks and surveys; No 7, uniform legislation commission.

The senate bills signed today are: No 7, license and occupation taxes; No 11, initiative and referendum; No 4, mortgages; No 15, conveyance of real property; No 12, adoption of children; No 10, contempt of court; No 13, irrigation and drainage districts.

The county seat removal measure as recommended by the county affairs committee with 60 per cent necessary vote for removal, was before committee of the whole and will come up for final passage today, then transmitted to the senate.

Ojeda's Federal Forces Are Transferred--Uncle Sam Releases Prisoners

A special train of five coaches and one baggage car left Naco yesterday morning bound to Juarez and bearing 217 Mexican federal soldiers and 32

Guaymas. Gen Ojeda and 14 officers will leave for Los Angeles tonight, thence to San Diego and by boat to 217 Mexican federal soldiers and 32

Doctors Indorse Newbro's Herpicide For The Hair

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Dr J J Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J B Thompson, M. D., No 2 Burroughs Place, Cor Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightens the hair, gives it life and makes it soft."

Dr T A Moore, Dunoon, Ariz., writes of his experience: "My scalp was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide all these evils have disappeared and my hair is soft, smooth and growing. It has grown on 'po's before but thinly covered."

Newbro's Herpicide is "the original remedy to kill the dandruff germ" and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once."

Newbro's Herpicide in 50c and \$1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at the leading barber shops. Be sure you get genuine Herpicide.

Ed R. Flach, Special Agent

THOR MOTORCYCLES

Work Rushed on Spreckles Line

The Spreckles company that is building the railroad between San Diego and Arizona, has just made a contract for 80,000 tons of steel rails, which will be used in building ten miles of the railroad from Deland west. All ready material previously contracted sufficient to build 14 miles of road has been delivered for work on the coast end of the line, and the latter will be completed in a few weeks.

How's This?

Tombstone Town Topics Tersely Told

Visitors to City; Local and Personal Items of Interest

Manager Harry Evans of the local telephone station made the round trip to Benson yesterday on business.

Phil Taylor was a visitor to Tombstone yesterday from Charleston, returning last evening.

Attorney A M Barnes was a returning passenger to Douglas last evening.

Attorney W B Cleary was an outgoing passenger to Warren yesterday; after a few days here on court.

Assistant County Attorney Murry returned to his home in Bisbee yesterday.

Assistant Clerk of the Board O K Goll was an outgoing passenger to Douglas yesterday on business.

The women have but four more days in which to register. The registration books will be closed the evening of April 30 and they will not open again until May 1, 1914.

Henry E Castaneda, formerly manager of the Virginia Hotel in Benson has just sold the lease he had on the Granada hotel and apartments in Los Angeles, with the furniture in same, for a total of \$85,000, being \$60,000 for the lease and \$25,000 for furniture. We learned in Benson that Henry was acting on behalf of the minor heirs of the Castaneda estate, though no word has come from Henry on the latter point.—Benson Press.

Baseball game called for 2:30 tomorrow, between the jurors and the locals promises to be an exciting event and the following is the lineup of the two teams:

Tombstone Jurors
Carpenter, catcher; Orrison, pitcher; Ames, first base; Kockfellow, second base; McElligott, third base; Jenkins, fourth base; Critchley, fifth base; Martines, sixth base; Durane, seventh base; Cross, eighth base; W P Thompson, Umpire.

ARIZONA NEWS OF INTEREST

**Newsy Notes From All Over Arizona
Carefully Condensed for The
Prospector Readers**

The dying request of Stayan Karaslovich that he should be saved from a pauper's grave in the potters' field was heeded by his friends and acquaintances in Globe and a subscription was raised promptly to provide a funeral. John Vukosavovich, L S Goulich and V S Nikich accepted the task of collecting the funds for the burial of Karaslovich and they met ready response from the people who had known the deceased.

On train No 10 which leaves Yuma this week, a committee composed of four citizens will start on their long journey to Washington. They go on a mission to the interior department of which Franklin K Lane of California is the head. The committee is composed of J H Westover, who represents the immigration commission of Yuma county, John Dungan, president of the Water Users' Association, and Hon Thomas D Moloy, who has also been appointed by the water users to represent their interests, and George Michelson, the president of the Commercial club. The object of sending the committee to Washington at this time is to induce the secretary and the heads of the interior department to start up work on the Yuma project and rush it to an early completion, if that be possible.

The Globe miners' union is making ready for a big labor day celebration to take place at the Fuller ranch near Globe May 1. Intoxicants will not be allowed on the grounds, but there will be games and every sort of amusement imaginable for those who attend.

Forty sentences fell from the lips of Hon William W Morrow in federal court in one afternoon, pronouncing late on prisoners pleading guilty to counts found by the federal grand jury at Phoenix.

The four-year old daughter of Mrs Josephine Martines was drowned in an irrigation ditch at Tucson.

The Old Dominion Copper company has deposited to the credit of Charles E Taylor, of Los Angeles, in full payment for the Taylor group, formerly known as the Barney McCoy group, of eighteen mining claims, situated north and east of the Old Dominion and United Globe properties, the sum of \$90,000.

Globe will soon have a modern wireless telegraph station in full operation. Contracts have been closed with Eastern managers to have complete apparatus, transmitting and receiving stations, batteries, etc., brought to Globe and put in working order, and entertainingly demonstrated by an expert, Prof Wm B Fatty.

Whether President John Orme will be sent to Washington for a conference between Secretary Lane and farmers under government irrigation projects and just what will be brought to the secretary's notice if Mr Orme is sent are matters being considered at a meeting of the board of governors of the Water Users' association in Phoenix Wednesday. The conference is to be held in Washington May 1, and if Mr Orme goes he will leave at once.

WOULD CONFISCATE CANANEA MINES

**Latest Turn in the Situation in Sonora
--State Troops Threaten to Run
Big Mine Themselves**

NO PROTECTION FOR FOREIGN INTERESTS

Constitutionalist leaders at Aguila last night drafted a petition to Governor Pascuera asking that a law be passed by the state legislature making it a felony for foreigners to close their mines and mills. It was asserted that such acts were overt evidence of sympathy with the Huerta government.

Such is the latest turn of affairs in connection with the disagreement between the insurgent state officials and the Cananea Consolidated Copper company, the plants of which have been practically shut down owing to labor troubles resulting from violence.

The petition also recited that the closing of these industries by foreign corporations "should be sufficient cause to withdraw all guarantees of personal or property protection and result in the confiscation of property and imprisonment of the owners and managers."

Two Sentences in Court Today --Striking Instance of Inequality of Law Under New System

No court proceedings was had today other than passing sentence on two prisoners convicted by jury verdicts. Frank J Wright convicted of forgery of \$65 time check, was sentenced from 1 to 14 years.

Genevieve Keneady, colored woman found guilty of manslaughter, was sentenced from 1 to 10 years.

An evidence of the apparent inequality of the law under the indeterminate sentence system is thus forcibly presented in the limit of sentences exacted by the law in the above cases; a forgery bringing a greater sentence than for killing a human being, the degree of manslaughter cutting the sentence to a limit of 10 years while forgery sentence is fixed at 14 years.

No jury cases were set for today and court stands at recess until 9 a. m. Monday.

Steam Plow to be Used in Sulphur Spring Valley--Latest Project in Cochise's Big Valley

Twenty-five hundred acres of government land in the Sulphur Spring valley has been taken up by a group of California parties composed of S E Hallan, C A Payne, John Schlatter, Mrs A E Cromwell, A B Baily and W F Wambust, says the Douglas Dispatch.

The land was secured through script, and lies in one body, within six miles of Douglas. Improvements will be begun at once. Several wells will be dug in hopes of securing artesian water and the land fenced. A

It is the idea of Mr Hallan to bring a number of settlers from California to this section to locate on the land, which he believes is superior to any in the country. He is greatly impressed with the valley, and prophesies a great future for land anywhere in this section.

How the New Mine Tax Law Will Work if Same is Finally Adopted

Under the provisions of the Graham mine tax bill, which was similar to the Sims bill in the senate of the last session, the mines were divided into but two classes, producing and non-producing mines. Certain set rules are provided whereby the net of a mine may be arrived at. Then, for instance, if the net proceeds of a mine totalled \$1,000,000; and the gross products of the mine totalled \$2,000,000, the value of that mine will be twice the net or \$2,000,000 added to one eighth of the gross, are provided whereby the net of a mine may be arrived at. Then, for instance, if the net proceeds of a mine totalled \$1,000,000; and the gross products of the mine totalled \$2,000,000, the value of that mine will be twice the net or \$2,000,000 added to one eighth of the gross, are provided whereby the net of a mine may be arrived at. Then, for instance, if the net proceeds of a mine totalled \$1,000,000; and the gross products of the mine totalled \$2,000,000, the value of that mine will be twice the net or \$2,000,000 added to one eighth of the gross, are provided whereby the net of a mine may be arrived at.

Miami Cave-In Disaster Held to be Fault of Mine Management

A Globe dispatch says:—
A verdict was reached yesterday afternoon by the jury which investigated the death of five men when the shrinking stopes in the northwest portion of the Miami mine collapsed a few days ago. The verdict held that the accident was due to mismanagement by the management in taking too much ore out of the stopes.
